Dear Gen. Walters:

As a young patriotic American (member of the Conservative Party & Young Americans for Freedom) I have felt the necessity and urgency to write you this important letter in regarding the current Congressional "inquiry" into our Intelligence units who are (I believe) being needlessly and foolishly subjected to politically motivated liberal idiocy, which I fear may curtail and possibly damage the security of our nation.

I wish therefore and strongly request that an equal investigation be implemented into the illegal and continual domestic activity by the Soviet KGB, where this is quite fully documented in a leading book entitled, The KGB, by John Barron.

Surely it must be already known privately & publicly that the KGB and the American Communist Party have:

- ① infiltrated every segment of our society (Labor, Education, News Media)
- ② manipulated the Civil Rights group in certain areas
- ③ financed and designed the U.N. for "diplomatic" espionage and sabotage against America (and of course, the free world)
- ④ originated (and operate) the Nat'l Lawyers Guild as the legal arm of the Communist Party and the Nat'l Cncl of "Churches" as their "religious" arm of the Communist Party.

In the light of these facts transmittal of them must be given to those in responsible positions in regarding the KGB, as our overpaid legislators so anxious to look into any American minor mistakes, shut their other eye to what Russia has perpetrated for 25 yrs against our country!

This double standard hypocrisy by these overpaid (& useless) liberal politicians to condone the illegal domestic evil of the KGB indeed constitute a senseless, biased (?) and a living disgrace to their person!

Another point of information I wish to include is regarding the massive and (also) totally illegal Labor Union payoffs to finance many political campaigns by (e.g) the AFL-CIO to legislators who are Democrats, and who by breaking the law must be equally guilty as Richard Nixon and his friends have been!

Enclosed is a 1 page article revealing the illegal Labor Union payoffs and in the prayer that the light will defeat the evil!

Having taken the time to write and send this information to you, I would expect an early action on these vital issues, since I know that our "energetic" Congressmen will move with unusual speed for their facts, then should your own be fulfilled for the truth.

In closing, please do not delay the importance of this for the future and freedom of America!

In Cordial Regards

E. N. Xeme

P.S. I cannot locate the 1 page article on illegal labor payoffs, but this address has that information.
